

THE VOICE

CABERNET SAUVIGNON, NAPA VALLEY, 2024 BATCH #221 "THE HOUSE"

"Some cellar wine for a special occasion, others enjoy it with no justification. Our Signature House Cabernet Sauvignon was sustainably crafted with minimal interference in our vineyards and in our cellar to make every day, a very special occasion". Malek Amrani

2024 VINTAGE

2024 vintage was yet again an exceptional year with wines already showcasing bold and elegant character. A wet winter provided ample soil moisture, promoting strong vine growth and natural canopy protection. The growing season saw extended warm periods, but the vines thrived, leading to a harvest with intense color and rich flavors.

SIX VALLEY VINEYARDS

- Coombsville (28%)**: rich volcanic soil and ash deposits from the nearby Mount George gift Cabernet from this vineyard dark fruit notes with power and elegance.
- Los Carneros (23%)**: Our hillside vineyard is on the edge of Mount Veeder with yearlong cool temperatures rarely exceeding 85F. The Cabernet Sauvignon from this vineyard added vibrance to 'The House'.
- Oakville (18%)**: Also located on the eastern end of the AVA. Volcanic soil with moderately warm micro-climate that's influenced by daily fog. Cab from this vineyard contributed to "The House" structure.
- St Helena (17%)**: Sitting on fertile volcanic soil & located east of the AVA. The warmest of all The House Cab vineyards, Cab from this vineyard was greatly responsible for the red fruit character of this batch.
- Spring Mountain (7%)**: East facing vineyard that's shielded from the hot afternoon sun. Sedimentary soil. The fruit from this vineyard gifts "The House" Cab rich tannins & contributes to its full body structure.
- Atlas Peak (7%)**: 1500 Feet elevation, volcanic soil, west facing. Responsible for the lush purple fruit and the extended finish on the palate.

TASTING NOTES

"The House" multi-site Napa Valley Cabernet continues to over-deliver with every vintage.

Expressive aromatics of blackberry, dark cherry and toasted oak lead into a full, layered palate. Notes of cacao and tobacco frame a rich core of ripe fruit, carried by a seamless and velvety texture. The finish is long and composed. Drinks beautifully now, opens with air and continues to improve into the next day

- 16 months of aging in Oak barrels (50% in new Minnesota oak & 50% in one time used French Oak)
- 14.3% Alcohol by volume, TA: 6.1g/L, FSO₂: 31mg/L
- TTB Certified Sustainable, Low Sulfites and Additive Free
