

TEETER-TOTTER

TASTING NOTES

Teeter-Totter Alexander Valley Cabernet Sauvignon was created with a clear ambition: to deliver far more character, pedigree and pleasure than its price suggests. Small in stature but fearless in spirit, the Teeter-Totter mouse reflects a Cabernet that refuses to be measured by size, convention or price—serious winemaking pedigree made for everyday discovery.

Sourced primarily from Alexander Valley in Sonoma County, with a touch of Paso Robles, the wine brings Benoit Touquette's precision, relationships and uncompromising standards to a broader table—expressive enough to command attention, polished enough for a restaurant list and approachable enough to become the bottle people return to again and again.

2024 TEETER-TOTTER ALEXANDER VALLEY, SONOMA COUNTY CABERNET SAUVIGNON

The 2024 vintage delivered a steady, balanced season across Sonoma and Paso Robles. Aromas of dark cherry and cassis rise with a touch of floral lift. The palate is layered and polished, with fine tannins balancing structure and approachability. Alexander Valley brings precision and backbone, while Paso Robles adds depth and mid-palate generosity. A Cabernet that doesn't take itself too seriously, but still delivers exactly where it counts.
