

2023 NAPA VALLEY CABERNET

The Tried and True 2023 Napa Valley Cabernet Sauvignon is a bold expression of classic Napa craftsmanship. Sourced from premium vineyards across the valley, this vintage showcases the richness and intensity that the region is known for. Deep garnet in color, the wine opens with powerful aromas of blackberry, black cherry, and cassis, layered with hints of violet, cedar, and sweet tobacco.

On the palate, the 2023 Cabernet is full-bodied and structured, with firm yet refined tannins that provide depth and aging potential. Flavors of dark fruit, espresso, and dark chocolate unfold gracefully, balanced by a touch of toasted oak and a bright, mouthwatering acidity. Aged in French oak barrels, this wine benefits from both elegance and strength, delivering a long, vibrant finish that invites another sip.

Perfect for special occasions or cellaring, Tried and True's 2023 vintage represents the heart of Napa Valley winemaking. Whether paired with a grilled steak, roasted vegetables, or enjoyed on its own, it offers a timeless experience rooted in quality and authenticity. This is a Cabernet for those who appreciate tradition, but expect excellence.
