

2024 SONOMA COAST PINOT NOIR

The 2024 A.R.O. Vineyards Sonoma Coast Pinot Noir opens with concentrated aromas of black cherry, dark plum, and boysenberry, accented by a faint touch of violet that adds lift to the deep fruit core. The wine's aromatics are rich yet refined, offering a sense of purity and focus that highlights the darker spectrum of Pinot Noir expression without relying on overt earth or spice.

Grown in the cool, wind-driven Petaluma Gap portion of the Sonoma Coast, this Pinot Noir benefits from a long, measured growing season that encourages the development of layered dark-fruit character while preserving bright natural acidity. The persistent coastal winds and fog slow ripening just enough to maintain tension and balance, giving the wine a clean structural line and a poised, elegant profile.

On the palate, the wine delivers supple black cherry, blackberry, and crushed dark-berry tones that unfold smoothly across a medium-bodied frame. Fine, polished tannins and a lingering, fruit-driven finish create a sense of clarity and sophistication. The 2024 A.R.O. Vineyards Sonoma Coast Pinot Noir is versatile at the table, pairing beautifully with dishes such as roasted duck, seared salmon, herb-crusted pork tenderloin, or creamy pastas. It stands as a focused, expressive interpretation of the Petaluma Gap—dark-fruited, balanced, and quietly luxurious.
