Horse and Plow Winery merges the best of old and new world techniques to produce hand-crafted, authentic wines from northern California. Most of this blend comes from the Block House Vineyard, located in Yountville in the Napa Valley. We ferment each lot separately, in a mix of neutral French oak and stainless steel, then assemble for an aromatic wine, with rich texture and crisp acidity.

Horse & Plow Winery utilizes organic farming, small lot fermentations and traditional techniques to produce balanced, food friendly and site-specific wines. Organic vineyards throughout the North Coast of California, including Sonoma, Napa & Mendocino Counties, produce wines with greater complexity and sense of place, while caring for worker health and the environment. The wines are made naturally with no synthetic nutrients or additives, no GMO's, are vegan and contain low sulfites. Low intervention winemaking further conveys a sense of time and place in every handcrafted bottle.
